

## Women's Soccer Works with Roberto's Kids

On Sunday, September 30, our players and coaching staff volunteered for a few hours with the locally run organization "Roberto's Kids." Roberto's Kids, named after the Hall of Fame right fielder Roberto Clemente, is an organization that collects new and used baseball equipment and distributes it to disadvantaged children throughout the world. For more information about Roberto's Kids please visit their website at <http://www.robertos-kids.org/>. Specifically, our team inventoried and repackaged 172 boxes of equipment that will be sent out. I'd like to thank Steve Pindar, the founder of Roberto's Kids, for hosting us and our players and coaching staff for enthusiastically donating their time.
